## Greetings CSI Families!

Our seniors are busy working on their carnival games for their cross-curricular project. We can't wait to see the final products!

The freshman began their kite project this week - the first of many cross-curricular CSI projects. Students are working in groups of 3-4 to research, design, and construct a unique kite that includes aspects of all 3 freshman classes. We will be flying the kites on October 25<sup>th</sup>. Dress for the weather as we will be outside that morning.

**Main office:** 586-797-6800

**Attendance:** 586-797-6899

Mrs. King’s geometry class has been busy working on their culminating project in geometry. They designed barn quilts! The students learned what they are, where to find them, and then designed their own including the rigid transformations they worked on in class.

Mr. Feldkamp’s sophomore English classes acted out “The Crucible” in class this week. We have very talented actors and actresses at CSI!

## **Future CSI Students**

Do you know any 8<sup>th</sup> graders interested in the CSI program? Students are invited to shadow one of our current students to develop an understanding of why our students love CSI. Share this link with any interested families or have the parent/guardian call the office and speak with Mrs. Struck or Mr. Paulon.
